On general principles the proposed amendment may be deemed objectionable. In every well regulated administration the rights and interests of every individual in his property should be well secured to them. The protection of private rights is one of the elementary principles of administration. The principle of compulsory acquisition is an act of high handedness, and an infringement of the well known principle referred to above. It can be justified only on the ground of some superior general advantage or convenience overriding public necessity. In considering that the power of grant is exercised in violation of the just rights of individuals, it is only natural that the power of investigation and awarding compensation is left with a highly placed officer like a Deputy Commissioner. It may not be quite expedient to appoint officers of lower status to deal with such questions except under very exceptional circumstances. Even then the Deputy Commissioner can delegate the functions of enquiry etc to a subordinate officer, and but their reports to sanction and give an award with his own. This may not occupy much time, and even if it does, it is time well spent on behalf of the public.

6) Even in British India, this power has not been conferred upon any officer below the rank of Deputy Commissioner

Subject:— Question of amending section 3(c) of the Mysore Land Acquisition Regulation by the addition of "or an Assistant Commissioner in charge of a Revenue Sub Division" after the words "of a District."

(12) 13) Under the Land Acquisition Regulation in force, when even a few yards of site have to be acquired, the Deputy Commissioner has to be directed to take order for the acquisition or an -- officer has to be specially appointed for each case. This procedure is quite unnecessary and disproportionate to the --- importance of such cases.

(14) To obviate the necessity of appointing the Deputy ----- Commissioner in all such cases, it is proposed to amend the -- Regulation by the addition of the words " or an Assistant --- Commissioner in charge of a Revenue Sub Division " after the words " of a District ".

(15) The effect will be that when acquisition is ordered, the Deputy Commissioner or Assistant Commissioner in charge of a Sub Division will take the necessary action. In important cases, the Deputy Commissioner has authority under a general - order of Government to take up the matter himself.

THE MYSORE RESIDENCY,

My dear Dewan Sahib,

I am desired to acknowledge the receipt of your D.O. letter No. 3374, dated the 28th September 1915, forwarding a copy of a Bill to amend the Mysore Land Acquisition Regulation, 1894, and, in reply, to say that the Resident sees no prima facie objection to the Bill being laid before the Legislative Council. I am, however, to suggest that the difficulty can -- apparently be met by the issue of a general notification under section 5(c) of the Regulation. In this connection I am to invite attention to a notification issued by the Chief Commissioner of Ajmer-Merwara (No. 1216-114-vi) which will be found on page 1081 of Part II of the Gazette of India, 1902. The case appears to be analagous.
